THE PROPERTY

Plot in *Felanitx*

Welcome to Son Mesquida — a fully fenced building plot with an approved base project and planning permission. The current approval allows the future owner to modify the house design according to their needs. The project includes plans for a spacious house with multiple bedrooms and open living areas, offering flexibility in layout and design.

The plot is located in the peaceful rural surroundings of Son Mesquida, a small settlement in the southeast of Mallorca within the municipality of Felanitx. The area combines a quiet rural environment with accessibility to everyday services and road connections to nearby towns and coastal areas.

Son Mesquida is part of a municipality known for its agricultural landscape and traditional countryside character. There are supermarkets, doctors and pharmacies within a short drive. The location also provides access to primary and secondary schools and offers a range of leisure opportunities in the nearby towns.

The basic project envisages a multi-bedroom house with en-suite bathrooms and generous living spaces. The design can be adapted before construction. The property includes outdoor space suitable for a pool, and the setting allows views over the surrounding landscape and typical Mallorcan countryside.
