Property description

This plot of 1100 sqm with a constructed house is situated in second sea line in Costa de la Calma. It has open views to the mountains and parcial view to the sea. The house of 200 sqm needs to be restructured, and has a great potential. There is a construction project of a beautiful house in rustic style with a very nice swimming pool. The plot is located in one of the most searched after areas in the South-West of the island, in a very quiet street with properties of high quality. It is situated close to the golf course and various local beaches and only 20 km away from the center of the city of Palma. This is a great opportunity of investment.
